TAKE YOUR BRAND OUTDOORS.

After years of being an integral part of many mobile experiential activations for hundred of brand, we decided to provide all of what it takes under one roof.

We're the **design house, visual fabricator, the vehicle provider** and the **driver**. NVS Promo is just all of it in one.

If you're ready to promote your brand outside, let us now. Our fleet consists of promotional food trucks, SUVs, Luxury cars, Vans or all sizes, as well as some classics.

One day or a month long. Local, or international - we can handle it all. Why are we better than the rest?

Timelines. We're a one stop shop. The vehicles are with us. No need for logistics. No one can beat our lead times.

Creative. We're the fabricator, and the printer. Are you looking for something one-of-a-kind? Well, we know it.

Convenience. One vendor. One email thread, and one call away. All of the time.

Modular. Do custom build-outs with our fleet. LEDs, AV builds or custom refrigerators - all is possible.

All aspects of our Experiential Mobile Activation. **Really.**
